A Message from the Vice President

Welcome to Rutgers, The State University of New Jersey. Rutgers offers a generous benefits package that includes health insurance, pension programs, life insurance, and access to university facilities and services. Benefits represent a significant part of your total compensation package. Therefore, it is important that you review this guide and familiarize yourself with the various benefits available to you. Should you have questions, please contact University Human Resources in Camden or New Brunswick, the Office of Human Resources in Newark, or the various plan providers listed in this guide.

The material contained in this booklet is intended to serve solely as a guide to the various benefit plans in effect at Rutgers as of January 2011. The particular plans available to individual employees will vary depending upon employment status and plan selection. The benefit descriptions that follow are summaries and are subject to change. For current information about changing developments in benefits services and programs, visit the University Human Resources website at http://uhr.rutgers.edu. The benefit plans available at Rutgers and the provisions of those plans will continue to be determined by law and by university policy.

The university provides information to employees about the benefit programs for which they are eligible. Please note that decisions related to the selection of benefit programs may significantly impact your circumstances or have broad impact on your future. For this reason, we encourage all employees to thoroughly review all benefits information to make informed decisions that meet their specific needs. Given the sensitivities and personal knowledge required to make such decisions, Rutgers employees are not authorized to advise you in the selection of benefits programs.

Sincerely,

Vivian Fernández
Vice President for Faculty and Staff Resources
