The PFRS contribution rate for Tier 1 members enrolled *on or before* May 21, 2010, is applied to the full pensionable salary up to the "federal pensionable maximum."*

The PFRS contribution rate for Tier 2 members enrolled *after* May 21, 2010, is applied to the pensionable salary up to a compensation limit based on the annual maximum wage for Social Security deductions ($110,100 for 2012). Tier 2 members who earn in excess of the annual compensation limit will be enrolled in the Defined Contribution Retirement Program (DCRP) in addition to the PFRS. A contribution of 5.5 percent of the salary in excess of the limit (plus three percent from the employer) is forwarded to a DCRP account.

The PFRS contribution rate for Tier 3 members enrolled *after* June 27, 2011, is applied to the pensionable salary up to a compensation limit based on the annual maximum wage for Social Security deductions ($110,100 for 2012). Tier 3 members who earn in excess of the annual compensation limit will be enrolled in the Defined Contribution Retirement Program (DCRP) in addition to the PFRS. A contribution of 5.5 percent of the salary in excess of the limit (plus three percent from the employer) is forwarded to a DCRP account.

---

*Federal Pensionable Maximum* – Since the PFRS is a qualified pension plan under the provisions of the Internal Revenue Code, Section 401(a)(17), the current federal ceiling on pensionable compensation ($250,00 for 2012) applies to the base salaries of PFRS members.
