We’ve put planning for the future ‘at your fingertips’

Did you know that we recently put all the tools you need to plan for retirement—using the State of New Jersey Retirement Plans—at your fingertips?

Now, you can access your New Jersey Alternate Benefit Program (ABP) account—plus your account(s) (if applicable) in the New Jersey Defined Contribution Retirement Plan (NJDCRP) and/or the New Jersey State Employees Deferred Compensation Plan (NJSEDCP) from one easy-to-navigate website.

When you visit newjersey.retirepru.com, you can get:

- Information about the plan(s) you participate in
- Information about the plan investments available to you
- Customized planning tools
- Easy access to your plan’s retirement counselors

The redesigned State of New Jersey Retirement Plans website also includes a financial wellness section that’s designed to help you manage your entire financial world.

It all starts at the ‘Get started’ tab

A great place to begin is the “Get started” tab. There, you can:

- Join the NJSEDCP (if you haven’t already)
- Log in to your account(s)
- Find out if you’re on track with your retirement savings goals
- Begin to develop a strategy
- Learn about the benefits of consolidating your accounts from previous employers

Have you registered your plan account online?

Prudential Retirement® believes very strongly in the safety and security of your retirement account, and does everything possible to protect your account’s security. But you can help, too! How? By registering your plan account online.

Even if you don’t want to manage your account online, it’s an important step, because fraudsters have been known to set up online accounts with financial services companies using personal information from actual account holders. But that’s less likely to happen if you’re already registered.

Once you register your plan account, make it a habit to review it regularly for unusual activity—and notify Prudential right away if you spot anything unexpected.

Registering your account is quick and easy! Simply:

2. Click on “Log in.”
3. Click on “Register Now.”
4. Follow the on-screen prompts.
